

90° THREE FLUTES COUNTERSINKS

The Cobalt material increases the heating resistance and allows the work on hard steels as stainless steel.

- Three flutes countersink to machine, chamfer and countersink.
- “Spoon” cut avoiding barbs, bringing an easier cutting removal.
- Tools perfectly balanced and carved in the mass.
- Steel's properties are preserved.
- Possibility to sharpen the tool several times.

DIN 335 C

Available range :

504C : Set 5 HSS countersinks

diam. 8,3 / 10,4 / 12,4 / 16,5 / 20,5 mm

505C : Set 5 HSS Cobalt 5% countersinks

diam. 8,3 / 10,4 / 12,4 / 16,5 / 20,5 mm
