## Tecnología de 3 cortes

### hooster PLUS

## Broca martillo compatible SDS-plus

#### Descripción

- Plaquita de carburo monobloc con punta centradora
- Ángulo de plaquita de 135°
- 3 filos de corte
- Hélice cuadrada reducida
- Compatible SDS-plus

#### Ventajas

- La plaquita monobloc con 3 filos de corte es la solución para todas las perforaciones de hormigón
- La punta autocentradora permite una mayor precisión
- El diseño de la plaquita garantiza agujeros concéntricos
- La hélice cuadrada acelera la extracción del polvo y aumenta la duración de vida de la broca

**PARA HORMIGON ARMADO  
NO AGRIETA EL HORMIGON  
AGUJEROS CONCENTRICOS**
