

NEW MASONRY DRILL FLASH

REF.
265

20%
FASTER

NEW MULTI-ANGLES CARBIDE TIP

- 20% faster with its thinner profile
- Higher grade, European made Carbide for longer bit life
- Tip is higher for better guiding
- Great with cordless drills: up to 20% longer battery life
- 4 sided point prevents bit from "walking"

STEEL BLAST FINISH

- Environmentally friendly :
- No zinc or nickel-plating means no metal and chemicals waste during the finishing process.
- ISO 14001 production process
- Reinforces the steel surface reducing breakage risks
- Professional presentation, the same as for roto-hammer bits

STAMPED

made
in
France

- Made in France
- mm & inches

QUALITY GARANTY

- Meets PGM requirements
- Drilling size quality
- Guarantee of an accurate drilling.
- NFE 66079 and DIN 8039 standards
