

# CONCRETE HAMMER DRILL BIT

## Power-Max

Hammer drill bit compatible SDS-max

**1** 373B

Power-Max  
Head

**2** 372B

Power-Max  
Spiral

**3** 371B

Power-Max  
Extension

**4** 370B

Power-Max  
Adapter

Ø 18

### Features

- Adjustable and upgradeable system for deep drilling more than 1m.
- Capacity to adapt head from Ø32 to 80 mm or carbide core bit from Ø30 to 125 mm.
- Head with carbide tip and centering drill bit with 2 cutting edges.

### Benefits

- Versatility and modularity.
- Adapts to all Hammerbohrer by changing only the adapter.
- Very strong resistance.
- For all situations of drilling.
- Specially adapted for the drilling of large lengths.

### Advice

- Finish to assembly the tool with spanner gripping.
- Regularly lubricate the coupling screws and the threaded bores.
- Put the delivery spring on the femal part (blocking system).

**BIG DIAMETER  
DEEP DRILLING**
